

When Recognition Matters

ISO 13485 MEDICAL DEVICES MANAGEMENT SYSTEM CERTIFICATION

MEET CUSTOMER EXPECTATIONS BY CONTINUAL IMPROVEMENT
PRACTICES WITH THE ISO 13485 CERTIFICATION

ISO 13485 Medical Devices Management standard specifies requirements for a quality management system where an organization needs to demonstrate its ability to provide Medical Devices and related services that consistently meet customer requirements and regulatory requirements applicable to medical devices and related services.

Organizations involved in medical device industry see ISO 13485 as the de facto standard towards regulatory compliance.
